

Gate Card Change!

ARE YOU READY FOR THE CHANGE?

YOOPER SIDE BY SIDE CLASSIC
AUGUST 18-20

SUMMER MATCHES
HAVE SOME FUN WITH YOUR FRIENDS

NEWSLETTER

Start of Summer Events

Now that it is officially summer, there are plenty of great events happening at the club. This newsletter is full of matches for every type of shooter and for all levels of ability. There are .22 rimfire matches every month, long range matches, military surplus matches, pistol matches and classes, shotgun skeet and trap events and matches, shotgun sporting clay events and the 2nd annual Yooper Side by Side Classic. You are welcomed to any event to watch or participate.

Announcements

The club has recently updated its computer and gate card system. Unfortunately, we need to rebuild the gate card database in order for your gate card to open the outdoor pistol and rifle range. Please email the club at negauneerodandgun@gmail.com with your full name, the gate card number, your email address and phone number. The gate card number is a 5 digit number on the card.

We have a new website and you can sign up for an account online and pay your dues with a credit card through PayPal. If you have questions, please contact Brett French. If you prefer paying in person, Maurice our new bartender will be happy to help you. Cash and checks are preferred at the bar, but the club bar can now take credit cards as well.

The club will be sending newsletters and event information through our new email system. In addition, the current newsletter and posters for upcoming club events will be on the club's website. Also, the club newsletter and event posters will be posted on club bulletin boards. We will have a small supply of printed copies of the newsletter at the bar for club members who do not use email. If you have not submitted an email address to the club or have not been receiving emails, please email the club at negauneerodandgun@gmail.com or contact Brett French.

Logging on Club Property

Holli Forest Products has begun logging the "North 160 acres". Please avoid all active logging operations, whenever possible, to ensure there safety and yours.

Range Orientation and Safety Briefing

About 2 years ago the club's board of directors required all club members to take the range orientation and safety briefing within 3 years. In addition, all new members are required to take the orientation and safety briefing before getting range access. The orientation and safety briefing goes over club rifle, pistol and shotgun range facilities, their rules and general firearm safety. The class is approximately an hour and a half long.

*Stop by and see
your friends!*

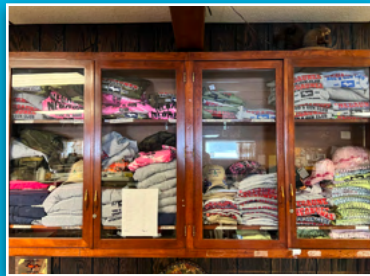

Top: Clubhouse bar and dining room

Middle: Clubhouse meeting room and indoor rimfire rifle and pistol range

Bottom: One of our great skeet ranges at the club

We need you to help the Club!

Top: Len doing some welding for the club

Middle: Ryan, John and Martin cutting target backing for the range

Bottom: Don't forget to purchase something from the gift shop the next time your at the bar

The board of directors required these briefing for safety reasons. Range safety is the most important issue for the survivability of the club. All members must participate.

If you have not attended the briefing yet, you have about 1 year to complete it. Currently, 319 members have taken the briefing. This is over 3/4 of the total membership. The board is aware that the ongoing pandemic and shutdowns have made these briefings unavailable or difficult to attend in the past. Upcoming range safety briefings are listed on the calendar and on the last page of the newsletter. Please plan ahead and come to one of the upcoming safety briefings. We would appreciate it if you sign up for the briefing at the bar or call the clubhouse to have someone sign you up, but walk-ins are welcome. If you have any questions, contact Gary Stevens, Reg Lipp, David Finkbeiner, Brett French, Len Gaboury, Kris Black, Bob Napel or Mike Anderegg.

If you are interested in becoming an NRA Range Safety Officer, please contact Reg Lipp, Gary Stevens or Brett French.

Spring Club Clean Up Day

On behalf of the board and club members, we would like to thank the volunteers who participated on May 14th. we would also like Delta Door Services for the donation of target backers.

Volunteers Needed

The club is always looking for more volunteers. It is the membership that keeps the club open and active. Whether you can help with an upcoming event or match or help us with maintenance or repairs, please let us know. There is a sign up list at the bar and on the bulletin board near the bathrooms. Please sign up and write down any unique skills that you are comfortable offering to the club. If you have any restrictions, please let us know as well. The club would like to create a list of potential volunteers and hopefully some of these volunteers might be available for a particular event or repair. Please contact John Heikkila for more information.

If you are interested in helping with the Range orientation and safety course, please contact Reg Lipp, Gary Stevens or Brett French.

Also, any financial gift to the club would be greatly appreciated. In addition, you can add the club to your estate or will. Please contact Bill Grill if interested.

Hunter Safety Course

The hunter safety course will be on July 11th - 15th and August 8th - 12th. Please contact Brett French if interested and go to the Michigan DNR website to sign up.

If anyone would like to volunteer to organize and teach hunter safety, please contact Brett French. President French has been working with the Michigan DNR to restart the hunter safety course. We would like to thank Stacy Haughey and Doug Hermanson of the Michigan DNR for their help.

New Shot Marker System

Superior Rifleman has purchased 3 new electronic shot tracking target systems. This will allow match participants to see their target score without the need of a crew in the 600 yard pit. This will decrease the amount of time long range rifle practices and matches will take. If you would like to join other club members in donating to this system please write your check out to Superior Rifleman and contact Gary Stevens for more information.

New Trap Machine

The Mid-UP Shooters purchased a new Hunters Point Trap machine with donated funds. It can hold 220 clay pigeons and has full wobble. It comes with a long range wireless remote. If you would like to join other club members in donating to this system please talk to Maurice at the bar or contact Len Gaboury.

.22 Rimfire F Class Rifle Match

Bring your favorite .22 rimfire and have fun at this 100 yard match. Save some money as well. Optics and open sights are welcomed. There are 3 classes. Open Sights, Rifle, Optic and other rifle equipment less than \$1000 and more that \$1000. Match participant will be given 3 minutes for setup and 30 minutes to sight in their rifle and shoot 4 targets for score with 10 rounds each. This match will be happening once a month. Check calendar for specific dates. Please contact John Heikkila for more information.

The first match of the season was on May 15. We had 19 participants and congratulations to Gary Stevens, Martin Juntunen and Rob Rebholz for wining their respective classes.

The second match of the season was on June 12. We had 23 participants and congratulations to Kyle Edwards, Randy Mutter and Bob O'Connor for wining their respective classes. Bob O'Connor won with an impressive 391 16x in the over \$1000 class.

NRA 80 Round Regional Course

This long range match will be held on June 25th. More information about the match including a copy of the flyer is on the Rod and Gun Club's website. If you have questions please contact Reg Lipp or Gary Stevens.

CMP EIC Match

This long range match will be held on June 26th. More information about the match including a copy of the flyer is on the Rod and

Gun Club's website. If you have questions please contact Reg Lipp or Gary Stevens.

CMP Modern Military Match

Bring your favorite surplus military or modern military styled rifle to this fun new match. This match will be held on July 2nd. The match is rapid, and slow fire at 200 yards. Part of the match standing and prone shooting. More information about the match including a copy of the flyer is on the Rod and Gun Club's website. If you have questions please contact Reg Lipp or Gary Stevens.

CMP .30 Carbine Shoot

Was on Tuesday, June 14 and was a Civilian Marksman Program (CMP) .30 M1 Carbine format practice shoot. The participants had a lot of fun. It was a full course 50 round match from 100 yards at the NRA SR1 paper bullseye target. Participants needed a box of ammo, and at least 2 magazines. Unmodified US issue M1 Carbine rifles or modern commercial carbines could be used. You could have also used an unmodified SKS rifle from any country. The event was \$5.00. The club would like to thank Gary Stevens for putting this event on.

The Firecracker 250

July 9th the club will be presenting the inaugural *Firecracker 250 Pistol Match*. It's will be like the Frigid 300 or the former Tri-Range pistol shoots, but with more options and it will definitely be warmer. First off, as the match's name implies, you'll be firing only 25 rounds. Why? Well, you can fire the course

twice with only one box of ammo. You will be loading just 5 rounds instead of the more familiar 6 shots as the playing field will include some shooters wielding 5 shot stubbie wheel guns. There will be a separate class for shooters who are firing any handgun with a barrel length of 3.8" or less. You may use any center-fire caliber.

Course of Fire: The first 5 shots will be done standing from just 7 yards, then 10 rounds kneeling from 15 yards, and the last 10 shots offhand at 20 yards (which should be a stretch for those short barreled shooters.) Did I tell you that you can use any sights? Crimson Trace, Red Dots, Humble, -it don't matter. Targets will be the B-27R just like of old day's Frigid 300 paper silhouette. Cost \$5.00 a round with up to 6 total runs across the course.

For more info or questions contact Reg at 486-7418 or upguns@aol.com or Bob Weisenberger at 361-4033. Want to shoot for free? Volunteer to help.

CPL Handgun Academy

This event is canceled at this time. It maybe rescheduled for the fall. Further updates will be in the fall newsletter or on the club website.

The club will be offering an advanced Handgun Academy open to all Concealed Pistol License (CPL) holders. Here is your chance to take your handgun skills to the next level and improve your confidence, ability and safety while carrying concealed. You will learn from some of the best handgunners in the UP. Topics will include clearing pistol jams; improving double action shooting; safe carrying of a loaded handgun; a pistol in your car; and much more.

The course fee is \$40 and advance registration is required. The class size is limited to 24 students so don't wait and sign up at the clubhouse today.

Registered Skeet Shoot

The Registered Skeet Shoot will be August 5th thru the 7th. This event is for folks who want to shoot nationally. Their scores are submitted to the NSSA, National Skeet Shooting Association, for ranking across the nation. Please contact Len Gaboury if you are interested or want more information.

Mid-Up Shooters Club Championship and Picnic

The MUPS Club Championship and Picnic will be held on July 30th and is an all-day event. It consists of a combined score from skeet/trap/ and sporting clays. Followed by a dinner and crowning of the champion. Please contact Len Gaboury if you are interested or want more information.

Outdoor 1800 Pistol match

This match has been canceled at this time. Please contact Eunice Gronseth if you want more information.

Yooper Side by Side Classic

Please join us for the Second Annual Yooper Side by Side Classic, where you can share your passion for fine guns and fine company! This shoot will be 220 birds as the main even with a side by side on Friday and Saturday. The main event consists of an 80 bird super sporting clays, 80 bird Hunters's Challenge, 30 bird Pigeon Ring, and 30 bird Upland Game Walk. Open shooting with any gun Thursday for registered and non-registered shooters. Side vents will be available all 3 days! Lewis Class Scoring for main event and Top Gun winners for each side event. Golf cars are required, and can be rented from Meyer Yamaha if needed.

Event Details:

\$225 per entrant before July 17th, limited to 100 entrants. Side events include: Don't Shoot the Hens!, 30 Bird All Bore course, Upland Game Walk. Random drawings for prizes (Must be present to win).

Please go to the club's website for more information. Email the club at negauneerodandgun.com to register. If you have questions please call Terry Huffman at (906) 360-2505 or email him at terryhuffman@remax.net.

UP High Power Championship

On the last week-end of June the club will be hosting The UP High Power rifle championship with riflemen from the entire state and Wisconsin participating. On Saturday, June 25th the first phase is an 80 shot NRA Regional Cross the Course match with firing done from 200, 300 and 600

yards. A CMP Excellence in Competition (EIC) match will be conducted on Sunday, the 26th. This match does not allow sighting shots nor any alibis and in the two rapid fire strings all competitors must start from the standing position. Winners in the EIC match are eligible to earn national "Leg" points towards the coveted Distinguished Riflemen Badge. Many of competitors use our matches as a primer to get ready for the National Matches at Camp Perry.

We sure could use some help in running these matches. Even if you can only volunteer for a couple of hours it would be great. For further info or to volunteer to help contact Reg at 486-7418 or Gary at 249-1829.

Military Bench Rest Match

This is a new match the club will be hosting. Bring your favorite military surplus rifle or military style rifle and plenty of ammo on August 21. This is the perfect match if you like shooting but only want to shoot on a bench. More information will be forthcoming. Please check the club website and emails for a match details. Contact Gary Stevens or Reg Lipp for more information.

Coyote Challenge

This annual 300 yard match on August 27 is a fun medium range match. You can use any centerfire rifle including a precision bolt or semi auto rifle, hunting rifle, military surplus rifle or antique rifle. The target is a NRA coyote target with small bullseyes. An optic is helpful, but if your eyes are good enough you can use open sights. A 1 MOA or less rifle and load is preferred, but it is not required. There will be food and prizes. Contact Gary Stevens or Reg Lipp for more information.

F/G Class Rifle Match

If you are interested in shooting targets at the far end of the rifle range, come to this match. The match will be on September 3rd. Hunting or precision rifle welcomed. More information about the match including a copy of the flyer is on the Rod and Gun Club's website. If you have questions please contact Reg Lipp.

Club Gun Show

The Club will be having its annual Gun show on October 28th and 29th. This year it will be at the Negaunee Township building at 42 East State Hwy M-35, Negaunee, MI, 49866. More information will be in the next newsletter. Please contact Robin Turner for more information.

Sight-In Days

The club will be hosting sight-in days for the local public this fall. Please spread the word with your coworkers, friends and family. If you are interested in volunteering please contact Reg Lipp or Gary Stevens.

Annual General Membership Meeting

There will be a general membership meeting on September 26. There will be free food, drinks and prizes. Please stop by and see your friends and have nice evening at the club.

Election

Only 88 people voted in the 2021 election. The officers and board of directors want to encourage all club members to vote and turn in their ballots. Each member who turns in their ballot has a chance to win a free membership for 2023.

The Offices of Vice President and Treasurer are up for re-election this year. Ashley Maki (Vice President) and Bill Grill (Treasurer) have both indicated their intentions of running for re-election. Three (3) Trustee seats are also up for re-election. Eunice Gronseth has announced her intention of running for re-election. Ken Goldsworthy and Josh Cadotte have indicated they are not intending to run for re-election, creating two (2) open seats. We would like to extend our sincerest thanks and gratitude to Goldy and Josh for their many years of service on the Club's Board of Directors.

Election Nomination

The Board of Directors has established the Nominations & Elections Committee, with Leonard Gaboury serving as its Chair. This committee is charged with developing a slate of nominees for election of Officers and Directors at the Club's Annual Membership Meeting. September 26th has been set for this year's Annual Membership Meeting.

The Nominations & Elections Committee is currently seeking interested and able-bodied candidates who are willing to serve on the Board of Directors. Please contact Leonard Gaboury at lengab@charter.net if you're interested in serving on the Board.

North Road Closure

The Ore to Shore Bike race will close the North Road until 12:00 PM on August 13.

Superior Rifleman

Would you like to improve your rifle shooting? Stop by the club on Tuesdays at 5:30 PM. Superior Rifleman is the long range rifle club at the range. You can use almost any centerfire rifle, including a hunting rifle, a modern sporting rifle, a military surplus rifle or a custom precision rifle. You can shoot on a bench, prone, kneeling or standing and you can use a bipod or sandbag if you want. Open sights or an optic are welcomed. Contact Mark Knoebel or Gary Stevens for further information. Please see calendar for dates and times.

Junior Rifle

Last season, there were a total of 14 shooters; so many in fact, that we had to expand Junior Rifle to two nights a week. That many young shooters meant that the program burned through a large amount of .22 ammunition, which, as everyone recognizes, has been difficult to find. If you have any standard velocity .22 LR that you don't need, please consider donating it to the Junior Rifle program by contacting Robin Turner at [906-869-2406](tel:906-869-2406).

The Junior Rifle program starts up again on December 7, 2022. If your child is interested in learning more about competitive .22 rimfire shooting or just wants to learn more about shooting in general, they may be interested in junior rifle. A rifle and targets will be provided. If you would like to learn more, contact Robin Turner.

Mid-UP Shooters

Who are the Mid-UP Shooters (MUPS) and what do they do? MUPS came to the club in the mid 1960's after a storm washed their skeet fields out into Lake Superior. MUPS covers all of the shotgun venues using the revenue it receives from shotgun shooting. General funds from the NRG, and its operation, do not support MUPS or its activities. With every round of skeet/trap/sporting clays that are shot, the proceeds pay for targets, equipment, and bills. MUPS pays taxes on land, electricity, and some fuel costs. An Annual Membership in MUPS is just \$20.00.

What's the benefit of joining? That small amount helps pay for some of the costs and as of late, we have been trying to secure reloading components. We recently bought reclaimed shot and have been selling to MUPS members at a premium. If you are not a member, you can purchase some but not at the premium price, this was done with volunteers from MUPS and as such, a benefit of being a member.

Another benefit, which has been absent in recent years, is MUPS club championship. It will be held on July 30th and is an all-day event. It consists of a combined score from skeet/trap/ and sporting clays. Followed by a dinner and crowning of the champion.

The following weekend, August 5th thru the 7th, we will be hosting a registered skeet shoot. This event is for folks who shoot nationally. Their scores are submitted to the NSSA, National Skeet Shooting Association, for ranking across the nation.

Finally, the Side-by-Side event, August 18th thru the 20th. This event is for those folks who have a love for Side-by-Side shotguns. The 18th however, anyone can shoot with any shotgun you have. All shooting venues will be

open for you to try. Sporting clays, 6 stand, pigeon ring, hen pheasant and all bore course. It will be quite an event with some vendors and good food.

If you're interested in shooting skeet and trap, Wednesdays starting at 5pm, you can. The cost for either is \$5 for members and \$8 for non-members. Sporting clays is Thursdays starting at 4pm. The cost is \$15 for members and \$20 for non-members. Non-members are those that do not belong to the NRG.

Please call me if you have questions or if you would like to join Mid-UP Shooters.

Len Gaboury

Bullseye Pistol

If you are interested in 25 yard and 50 yard pistol shooting then this is the night for you. Stop by the club on a Monday night around 5:00 PM and bring your favorite pistol or revolver. Make sure to bring lots of ammo and magazines. Contact Bob Napel if you have questions.

Women's Rifle, Pistol and Shotgun

The club used to have a woman's pistol night on Wednesdays. In the past there was interest from some of the female members in having their own training and shooting night. If anyone is interested in organizing or participating in a women's only program or class please let us know. Please contact Brett French if you are interested or have questions.

Later this year or sometime next year the club will be offering NRA Range Safety Officer and Instructor classes. The club currently has a few female NRA Range Safety Officer and

Instructors. If you are interested in taking a class contact Reg Lipp or Brett French.

Civilian Marksmanship Program (CMP)

Do you like military surplus firearms? Are you interested in buying a real surplus United States military issued M1 Garand or M1911 A1 pistol? The CMP might have your next gun. The CMP is a congressionally chartered corporation that was spun off from the US Army. Go to the CMP's website and read about the CMP, the firearms they offer, their prices and becoming a qualified buyer. Their website is <https://thecmp.org>. One of the requirements is to belong to a CMP affiliated club. Good news, our club is an affiliated club, and you can check that requirement off the list. Also, you may need to participate in a CMP match. The club will be having CMP matches on June 26 and July 2. Both matches start at 9:00 AM. More info is on the website. If you have questions, contact Gary Stevens or Reg Lipp about M1 Garand rifles, Camp Perry or general CMP questions and Robin Turner or David Finkbeiner about M1911 A1 pistols.

President's Corner

Greetings fellow Negaunee Rod & Gun Club members! I trust you've survived the transition to the traditional "3 days of bad sledding season" (aka Spring, Summer and Fall) and you're enjoying the warmer weather. Hopefully, you've had a chance to head out to the Club to do some shooting. If not, I'd encourage you make it a point to become reacquainted with everything your Club has to offer. Check the Club's calendar on our website at www.negauneerodandgun.com to learn more

about all of the events and activities that are planned for the year. There's something for everyone!

I'd like to thank everyone that came out and lent a hand during the Spring Cleanup. The Club grounds are looking great and a number of improvements are planned to make it *mo' better*.

I'm happy to report that we're gearing up to reestablish the Hunter's Safety program and a number of Club members are currently working through the process of becoming Certified Hunter's Education Instructors. We're currently working with MDNR staff to schedule our next course and field day so that we can prepare the next generation of hunters and shooting sports enthusiasts. We will be accepting student registrations soon, so keep an eye out for more information.

As you may be aware, we've been developing a plan to manage the Club's forested lands. This plan has come together nicely and Holli Forest Products has begun logging the "North 160 acres". Please avoid all active logging operations, whenever possible, to ensure their safety and yours.

I look forward to seeing everyone at the Club. Until then, keep your powder dry!

Brett French

Club President

Editor's Note

Memorial Day was last month. On behalf of the club, we would like to thank all Veterans and their families for their sacrifices to our country. In particular, we would like to remember the service members that never made it home.

Many of our fellow members are veterans. We have members that served in the Army, Air

Force, Coast Guard, Marines and Navy. Some of the veterans are from the Marquette county area and others now call this area home. They joined and or were drafted and spent a few years to decades in the military. Some of them have been deployed all over the world. A few were even stationed at KI Sawyer Air Force Base. There are club members that have been in the Korean war, Vietnam War, Cold War, Desert Storm and Global Wars on Terror (Afghanistan, Iraq, and other places).

Years ago a few club members, including some veterans, organized a few surplus firearm matches. At the time the CMP was selling many US military rifles from WWI and WWII and many importers were selling foreign rifles from the same time period. The club hosts these matches every year as way of remembering history and understanding the equipment of these historical events.

The Sumoi Shoot is held in the winter to remember the Winter War, were the small country of Finland defended itself from the Soviet Union. Also, it is a way of remembering the history of winter warfare the US participated in WWI, the 1919 Polar Bear expedition into the Soviet Union, WWII and the Korean War.

The recent Classic Military Rifle Match is held in early June every year as a way to remember WW2 and in particular the D-Day landings on June 6th, 1944. This year we had 15 participants despite the rain.

If you are interested in history please come to the upcoming CMP and the Military Bench Rest matches.

On a final unrelated note, this will be my final newsletter. A new editor will be taking over the fall newsletter.

David Finkbeiner

Q & A

Question: Can I draw my handgun from a holster and fire at my target when I am at the rifle and pistol range.

Answer: No, unless you are participating in a club event with Range Safety Officers present. The board decided to do this for safety and liability reasons. You are allowed to carry your handgun in a holster to the range. The board asks you to keep your hand gun on one of the benches until you are ready to leave for the day. You can then holster your firearm again.

If you are carrying your concealed (with CPL) or open carry handgun on you, we ask that you unload it before bringing it on the range. All firearms should be unloaded and cased (in either a bag or holster) when you are taking them to the range and leaving with them.

If you are interested in practicing your CPL skills please sign up for the CPL Handgun Academy is on July 16th. Further information is on page 5.

Question: Can I place targets (target holders, trash, milk jugs, cans or other objects) on the front of or on top of the dirt berms on the rifle and pistol range?

Answer: NO! You may only shoot paper targets that are secured to the portable target stands (rimfire, air rifle, pistol, and slugs), paper targets secured to the fixed target stands (rimfire, pistol, rifle and air rifle), club steel targets at 200, 300, 400 and 600 yards (rimfire, or rifle) and the 10 yard pistol steel targets. Only secure paper targets to the fixed target stands that are respectively above and below the horizontal wooden supports. Make sure you are shooting directly in front of the target while being on the concrete firing line.

We do have certain events and matches that use different targets, positions, procedures and rules, but these changes have been

approved by the Chief Range Officer, the Safety Committee and the Board of Directors of the club. The event or match is also operated and supervised by range safety officers.

Classifieds

Shotgun ammo and lead shot for sale. Contact Len Gaboury if you are interested.

Rifle and pistol brass for sale. Contact Gary Stevens if you are interested.

Jr. Rifle .22 Long Rifle rifles for sale. Contact Robin Turner if you are interested.

Jr. Rifle .22 Long Rifle SV ammo needed. Contact Robin Turner if you are interested.
